

DFRDB commutation.

A Call to urgent action

Many of you may be unaware that during my recent absence OS, the Parliamentary Petition Committee approved our Campaign submission for a Lower House Electronic Petition.

The Approved Electronic Petition is OPEN as:

EN4548 WHOLE-OF-LIFE REDUCTIONS TO VETERAN DFRDB RETIREMENT PAY

and will remain so until 23 November 2022.

In the short time since approval, we have already amassed some 2251 signatures, with our target being at least 5,000. The Parliament will only accept a single petition from each email address. Accordingly, where you, your family or colleagues have access to additional email addresses, please use these to circumvent the restriction imposed by the Parliament. We need as many registered signatures as we can muster.

HOW TO REGISTER YOUR PETITION – GO TO:

<https://www.aph.gov.au/e-petitions/list>

Then :

- In the SEARCH window, type in petition number - **EN4548** then click on SEARCH.
- In the **Open for Signatures (1)** window that opens, click EN4548
- Scroll to bottom of page, click – **SIGN THIS PETITION**
- Enter your name and email address, then click to declare you're an Australian then click NEXT.

- Another window opens, click **Add my Signature**,.
- The program will then send you an email asking you to confirm your signature, click the blue link and you're done.

Kind Regards

Ken Stone
