- Customer Configurable
 - Up to 60 mm caliber
 - Up to 6 rounds per barrel
 - Any number of barrels
- Environmentally sealed
 - All weather operations
 - Heightened level of readiness
- Enhances tactical operations
 - Crowd control
 - Base perimeter, checkpoint, and convoy protection
 - Escalation of Force

FireStorm™ FURY

**CONFIGURABLE IN 4-D
HEIGHT, WIDTH, DEPTH
& CALIBER**

**LESS LETHAL, LETHAL
ROUNDS OR BOTH**

**MOUNTED & REMOTELY
OPERATED WEAPON
SYSTEMS**

SCALABLE FIREPOWER

- **COMBINED CALIBERS**
- **HIGH VOLUME OF FIRE**
- **HIGH RATE OF FIRE**
- **USER SELECTABLE**

FireStorm™ FURY is range of high intensity multi-barrel weapon systems that can deliver scalable firepower from a single shot to burst rates up to 20,000 rounds per minute. Using the stacked projectile technology that Metal Storm is famous for, provides the advantage of high volume of fire in a lightweight compact package.

Integrated Target Acquisition & Fire Control Systems

- Laser Range Finder
- Optical Day/Night Camera
- Deterministic Fire Control

Remote Operations

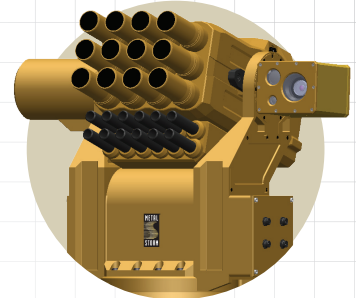

- **StormLink™** - Communications Protocol Interface
- **StormWatch™** - Graphical User Interface
- Integrates with existing security or fire control systems

Motorized Mounts

- 1-axis for turret type mounting
- 2-axes for platform mounting
- Per customer requirements

Typical System Weight

- Delivery Pod – 40 lbs. (18 kg.)
- Motorized Mount – 80 lbs. (36 kg.)
- Total Weight – 120 lbs. (54 kg.)

MODELS CURRENTLY CONFIGURED:

FS406: FireStorm™ 40 mm weapon system with 4-barrel diamond shaped array, 6 rounds per barrel, delivery pod

FS403: FireStorm™ FURY weapon system with 3 x 4 – 40 mm barrel array, 3 rounds per barrel, delivery pod

FS403/185: FireStorm™ FURY weapon system with combined caliber barrel array : 3 x 4 – 40 mm barrels, 3 rounds per barrel, and 2 x 6 – 18 mm (12-gauge) barrels, 5 rounds per barrel, delivery pod
