## New Menu

We've made some changes to the menu system, now you can find a topic, click it and it will open the info for which you're looking. Hopefully, this will make it a lot easier to read. After you've finished one topic and you want to return here, just click the "return" button (<-) on the tab at the top of your browser.

You can still read the whole Magazine the old way, just click Forward above.

## Contents.

Topic	Link

<b>Where are they?</b>	Looking for Alan Lyons.	

WRAAF News.

[Lyn Mitchell's news.](#)

## Scootaville 2023

The planning for Scootaville 2023 is well underway. We have modified the route a little for this year's event (see [HERE](#)) and we've also negotiated with the [USQ](#) Media School for them to send along several of their senior Media Students who will record the event from start to finish, the data will then be taken back to the Uni where the class will work on it and produce a one hour special for showing on TV. We also met with senior Air Force people in Russell Offices and we'll have some surprises later.

And Merv Hughes is going to lend a hand too.

Last year's event was great, we raised \$25,000 for Legacy and our aim this year is to double it. You can read the story on last year's event [HERE](#).

If you would like to be considered for 2023, please click [HERE](#) and fill in the form.

## Apology.

This is the first copy of the RAM we've been able to produce for a while! We're sorry about that but Scootaville then Avalon took up nearly all our time and when added to the time I spent doing what I was told around the house, there was no time left for anything.

Thanks for waiting!!

## Raffle:

Guess what!! We're holding another raffle and this time you could win a bunch of beautiful opals. We're selling 250 tickets at \$2.00 a ticket, more lately.

## Buying a new car?

If you're contemplating buying a new car, we could save you thousands. The Radschool Association has done a deal with Australia's biggest car brokers whereby you can purchase a car (your choice of make, colour, specs etc) at fleet discount prices.

One of our blokes made use of this facility recently and bought a Toyota Rav4 and saved thousands. You can too!

To see further details, go to the Radschool Assoc home page ([HERE](#)) then click on "New Car Purchase".

## Errors

Our aim is to have this site error free – but that's probably impossible. But with your help I reckon we can get pretty close. If you see any errors, be they punctuation, spelling, links that don't work, facts wrong etc, (no matter how small) please let us know so we can fix them.

Thankfully, Ken Morris, who lives over in the West, proof reads our print before it goes public and points out our many errors, not a lot escapes him I can tell you!

Thanks Ken.

You can download the full magazine in PDF format [HERE](#).  
It is a very large file, contains 290 pages and will take a while to download.

The margins have been set so you can print on both sides of the page.
